PARTNER SUBSCRIPTION PLAN

Simple Hinglish Guide | Commission vs Subscription

Aapke liye kaunsa model zyada faydemand hai?

Hamare platform par aap pehle 7 din commission-based trial par kaam kar sakte hain. Trial ke baad aap monthly subscription choose kar sakte hain. Neeche dono options ka simple comparison diya gaya hai.

OPTION 1: Commission-Based Model

- Har confirmed service ke liye 25% commission applicable hoga, agreed terms ke mutabik.
- Aapki service value jitni zyada hogi, utna hi zyada commission pay karna pad sakta hai.
- Har completed service par commission calculate aur pay karna hoga.
- High monthly business volume hone par commission ka total amount kaafi badh sakta hai.

OPTION 2: Monthly Subscription Model

Subscription fee: Rs. 6,000 per month + 18% GST = Rs. 7,080 total.
Base fee average Rs. 200 per day hai, GST extra. Subscription active hone par services par zero commission.

- Aap apni service earnings ka 100% apne paas rakh sakte hain; koi additional service commission nahi.
- Har service par 25% commission dene ke bajaye ek fixed monthly subscription fee pay karein.
- Monthly expense ko plan karna aur apni earning calculate karna aasaan hota hai.
- Plan ke tahat platform ki eligible leads receive karein, subscription terms aur availability ke according.

Example: Agar aap mahine mein Rs. 40,000 ki services complete karte hain

Details	**Commission Model**	**Subscription Model**
Monthly service value	Rs. 40,000	Rs. 40,000
Platform fee	25% = Rs. 10,000	Rs. 7,080 incl. GST
Aapke paas fee ke baad	**Rs. 30,000**	**Rs. 32,920**
Difference	**—**	**Rs. 2,920 zyada***

**Yeh example sirf comparison samjhane ke liye hai. Ismein technician ke labour, material, travel, tax aur doosre business expenses include nahi hain. Commission calculation agreed terms ke mutabik hogi.*

Break-Even: Subscription kab faydemand ho sakta hai?

Agar 25% commission completed service value par lagta hai, toh Rs. 28,320 monthly service value par 25% commission Rs. 7,080 banta hai. Is level se upar subscription fee, fee-only comparison mein, kam pad sakti hai. Isse kam service value par commission model sasta ho sakta hai. Actual benefit aapke monthly completed work par depend karega.

Subscription ke main benefits

- Zero service commission while subscription is active.
- Fixed monthly platform fee: Rs. 6,000 + GST.
- Service income ka zyada hissa apne paas rakhne ka mauka.
- Multiple leads ke options aur apne business ko grow karne ka opportunity, subject to lead availability and plan terms.

Free Trial aur Important Terms

Pehle 7 din commission-based trial available hai, jisme agreed terms ke mutabik har confirmed service par 25% commission lagega. Trial khatam hone ke baad leads continue receive karne ke liye paid subscription activate karna hoga, as per platform policy. Leads ki exact quantity, conversion, bookings aur income guaranteed nahi hain; yeh location, service category, demand aur partner response par depend karte hain.

Our goal: Aapko relevant service leads provide karna, aapko apna business grow karne mein help karna, aur aapko commission ya fixed subscription mein se suitable option choose karne ki flexibility dena.
